

## **An Appeal**

**I, Fr.Dennis Joseph Kannamalil, Executive Director of Vijayapuram Social Service Society, wish to say you one thing, there are lots of young and old age people around you& me affected by cancer. We wish to have a personal concern for them and a palliative support. Our only aim is to support them and give them care as much as we can.**

**“if, in any occasion whether it is your or your loved once marriage, birthday, or anything that gives you happiness and in any other situation if you want to help these people at the same time you don’t have time to spend for ... then (only then) we hope we can help you to work as a mediator to take you near to the needy people.”**

**It is our responsibility to give clarity to our message that, we don’t want any source of financial support from you, anything that you wish to give, you can give directly to the people & we can help you to find essential logistic support only. Or else, if you wish that we do the work and you would support you are most welcome. You can deposit whatever amount you have into our bank account.
